<u>REMARKS</u>

Applicant respectfully requests reconsideration and allowance in view of the above amendment and the following remarks.

Applicants gratefully acknowledge the allowance of claims 1, 4-13 and 15.

In response to the examiner's statement in the advisory action, that "the latest claims filed are different from the set of claims that were allowed and are the same as the claims that were rejected in the office action of 04/06/2009," the applicant inadvertently submitted the wrong sets of claims in the previous responses to the office actions of 09/16/2009 and 04/16/2010. The correct set of claims are presented above including claims 1, 4-13 and 15 as allowed in the office action of 09/16/2009 and claim 16 as rejected in the office action of 09/16/2009 with amendments to claims 15 and 16. The amendment to claim 15 corrects a grammatical error. The amendment to claim 16 is described as follows:

In response to the rejection of claim 16 under 35 USC 101, claim 16 has been amended so that the claim is statutory subject matter. Also, the preamble of claim 15 has been partially copied into the preamble of claim 16 solely to provide antecedent basis for subsequent elements of claim 16.

In addition, Applicant denies any statement, position or averment of the Examiner that is not specifically addressed by the foregoing argument and response. Any rejections and/or points of argument not addressed would appear to be moot in view of the presented remarks. However, the Applicant reserves the right to submit further arguments in support of the above stated position, should that become necessary. No arguments are waived and none of the Examiner's statements are conceded.

In view of the above, it is respectfully submitted that the present application is in condition for allowance, and a Notice of Allowance is earnestly solicited.

Please charge any fee deficiencies and credit any overpayments to Deposit Account No. 14-1270.

Respectfully submitted,
